Nakar Hotel, Palma, Majorca

Design Hotels's latest property is the new Nakar Hotel in Majorca's pretty capital, located on the popular shopping street Jaime III Avenue. The hotel has remained in the same family for three generations – they have paid homage to its original identity as the Pension Nacar, but with modern updates such as stylish interior design by Marga Rotger. Luxuries such as Apple TV, in-room whirlpool tubs and private terraces are stand-out features, alongside the rooftop pool and bar. For traditional Mallorquín food, head to eighth-floor restaurant Cuit.
